PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive web applications using HTML, CSS, JavaScript, React.js and Tailwind CSS. Familiar with React Router, REST APIs, Git/GitHub and reusable component architecture. Focused on responsive interfaces and clear user experiences; seeking an entry-level Frontend Developer role.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

React & UI: React Router, Framer Motion, Component-Based Architecture, State Management

Layout & Design: Responsive Design, Flexbox, CSS Grid, UI/UX Principles

Tools & APIs: Git, GitHub, VS Code, Vite, REST APIs, API Integration

Strengths: Problem Solving, Quick Learning, Attention to Detail

EXPERIENCE

Front-End Development Intern — SaiKet Systems

June 2026 – July 2026

- Completed six front-end projects using HTML, CSS and JavaScript, including a blog, product card, quiz app, to-do app and iPhone landing page.
- Built responsive, interactive interfaces; used Git/GitHub for version control and deployed projects with GitHub Pages.

Front-End Development Intern — Sysslan IT Solutions

May 2026 – June 2026

- Developed a responsive Event Ticket Booking System using HTML, CSS and JavaScript, with interactive booking functionality and mobile-friendly layouts.
- Used GitHub for project hosting and deployment with GitHub Pages.

PROJECTS

TESSERA — Interior Design & 3D Visualization Studio

React.js | Vite | React Router | Framer Motion

- Built and deployed a responsive multi-page studio website with reusable components, mobile navigation, portfolio filtering, animations and an interactive contact form.
